DETAILED ACTION

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 112

Claim 1-7, 9-17, 19, 20, 22-25, 27, and 28 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The language now requires constraints, but with solvents not identified, fatty acid esters meet these criteria. Claims 11-17, 19, 22, 25, 27, and 28 do not limit the composition, as only 60.5% is identified MARKUSH language (claim 28) should be "...consisting of...." Claims 7 and 17 are misspelled; "50" should be "60."

Claim Rejections - 35 USC § 103

Claim 1--7, 9-13, 15-17, 19, 20, 22-25, 28 stand rejected under 35 U.S.C. 103(a) as being unpatentable over KABARA-EP 0530861.

Applicant's arguments filed 7/25/08 have been fully considered but they are not persuasive. Arguments are based on Board's decision over 08/602498. But the current claims are open language as to the primary and secondary solvents; thus, KABARA still applies as fatty esters can be construed as solvent, and would meet dielectric limitation of 25.

ANDREWS is not prior art as found in Board decision on DX. Applicant's amendments and arguments have resulted in withdrawn rejections.

Claim 8 IS objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
